Featuring the new faces

My Favorite part about working at DeKalb is That I used to be a student here. It is neat to be teaching in the school That I went to. I also love the people I work with at DeKalb. It is such a joy to come to work with Them each day! This is my 9th year teaching Functional Skills.

< Mrs. Atkinson-Special Education

My Favorite thing about DeKalb High School is The people That I get to interact with every day. I have been in education For 15 years.

<Mrs. Bitting- Nt English

The students are more responsible and I like the summers off. The funniest moment was the time when I flipped a chair during one of my classes. My plans for the future are to build a business department and offer more dual credit courses. I have been teaching for 4 years but it is my first year at DeKalb.

Mrs. Johnson- BTV >

Mrs. Gilbert is in her 33rd year of teaching where she began at the high school and then transitioned to the elementary for 20 years only to be back this year to home sweet home DeKalb. Mrs. Gilbert commented, the biggest difference between being at the high school versus the elementary is the technology needed at the high school level. High school students are the same just older. I love teaching, so I would say its the students that make it fun.

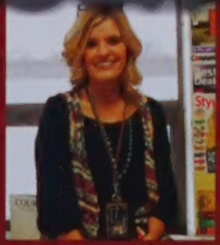
at DeKalb High School....

I am a 1st year teacher. The funniest moment that happened to me was when I tripped on a students desk and fell in front of the whole class. My favorite part of teaching at DeKalb is working with the students and staff. My future plans are to stay at DeKalb and make a difference at the school and in the community.

<Ms. Pierce- Nt Science



The biggest difference is a more mature audience. Students have changed quite a bit since their seventh-grade year. Love this freshman class! I have been teaching 29 years.

<Mrs. Williams, English

My favorite part about DeKalb is that there are a variety of courses. New tech and traditional. My favorite moment is when tudents present in the community. My future plans are to start and build a criminal justice course options at DeKalb. I have been teaching for 10 years.

Mrs. Lapham- Nt Science >

My favorite part about DeKalb high school is the students and staff, basically everything. My funniest moment would be speaking the wrong language in the wrong class. Homecoming 2015

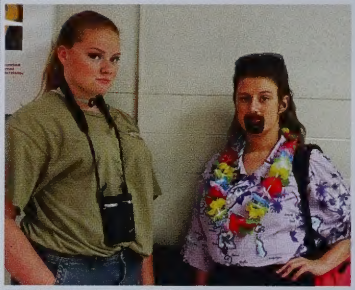
Tourist Tuesday

Since homecoming week was during Labor Day week, we did not have school on Monday. On Tuesday, students dressed up as silly tourists carrying everything from bonoculars to maps around the school hallways!

Sport Spirit

On Thursday, the theme was "Sport Spirit Day." On this day, students dressed up wearing their favorite college or professional sport spirit wear. Some wore baseball caps, jerseys, candy striped pants, even crazy socks and tutus representing their favorite college or professional sports team!



Class Shirt

On Friday, the theme was "Class Shirt Day." Students dressed up wearing their class shirt or color and wore them to the powder puff game!

Wednesday's theme was "Dynamic Duo." Students dressed up with their friends recreating characters from popular movies, TV shows, bands, and more!

Dynamic Duo

Powder Puff

The football team Baron Boosters started a new annual homecoming bonfire which took place at the bus garage on Thursday night before the big game. We burned parts of the old gym floor, danced to great music, had a pretzel truck, and heard an empowering speech from the infamous Coach Kempf! School spirit was at an all-time high this night.

Homecoming Bonfire

Recap

The dress up days for the 2015 homecoming week were as follows: Tuesday: "Tourist Tuesday," Wednesday: "Dynamic Duo," Thursday: "College/Sport Spirit Day," and Friday: "Class Shirt Day." The seniors won the powder puff game with a score of 14-7. Senior Hayley Ring ran 80 yards to score the winning touchdown of the game. Coaches for the junior powder puff team were Brandon Dunham, Trent Sibery, Zach Jones, and Jay Krebs. The senior coaches were Jack Aschelman, Chase Alley, and Chase Norton. DeKalb High School had our first annual schoolwide bonfire Thursday night before the homecoming football game that ignited school spirit in parents and students alike! Upon being crowned homecoming King, Will Chrisman took his crown off and put it on Jefferey Minch, promting the crowd to chant Jefferey's name and ultimately making this homecoming court crowining one to remember.

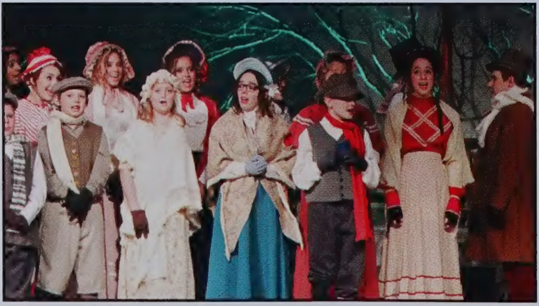
A Christmas Carol, written by Charles Dickens, tells the story of a bitter old man named Ebenezer Scrooge and his transformation into a gentler, kindlier man. Scrooge was visited by the ghost of his former business partner Jacob Marley (played by Noah Bowers) and the Ghosts of Christmas Past, Present and Yet to Come.



SCROOGE & MARLEY

Thoroughly Modern Millie tells the story of a small-town girl, Millie Dillmount, who comes to New York City to marry for money instead of love – a thoroughly modern aim in 1922, when women were just entering the workforce. Millie soon begins to take delight in the flapper lifestyle, but problems arise when she checks into a hotel owned by the leader of a white slavery ring in China.

Holden was diagnosed with Stage 2 Neuroblastoma at 11 months old. A pound tumor and his left kidney were removed. He relapsed before his 3rd birthday with Stage 4 Neuroblastoma in the bone marrow of his hips and legs. He had 15 months of treatment including chemo, radiation, bone marrow transplant and experimental therapy. Holden lost a huge amount of hearing from this. After 14 years in remission he began losing an extreme amount of weight. A softball size malignant Peripheral Nerve Sheath Tumor called Ganglioneuroma was removed from his left abdomen. The Doctor also found thyroid cancer as well. The thyroid will be removed at a later date. Holden is now doing a 19 week treatment of chemo and radiation.

Next week is round 2 at Riley Hospital in Indianapolis. He will relocate to Warrenville IL near Chicago for a special radiation in 2 weeks that will run 5 days a week for 6 weeks. Once back home he will finish the remaining chemo at Riley Hospital.

IT'S ~~FOOTBALL~~ MARCHING BAND SEASON

Drum Majors

"Throughout my 5 years of marching band , I have gained many unforgettable memories. I am so lucky I was apart of such an amazing program filled with even more amazing people."

-Hanna Fetter

"By far my favorite season in all my 5 years. We only got better each week and it showed on competition day. These kids are amazing! They deserve to be recognized more! I'm so lucky to have been their drum major. I'm so proud of what they accomplished this season."

-Cameron Bell

"Well, all I can really say is that I couldn't be prouder of my kids. We gave them a difficult last few weeks and asked a lot out of each and every one of them, and they pulled through like no other. We've all worked hard all season and it's been amazing to see how not only the show, but the kids have grown, matured, and become amazing. The kids never cease to amaze me and I'm truly grateful for the opportunity I and the rest of the band members have been given. After a great season, I couldn't be prouder to be a Baron."

-Andrew Hartman

There are no words or pictures that could describe how breath taking this years show was. Oasis is about being stranded in the desert and having a mirage. The ban improved with every performance, even when it seemed impossible.

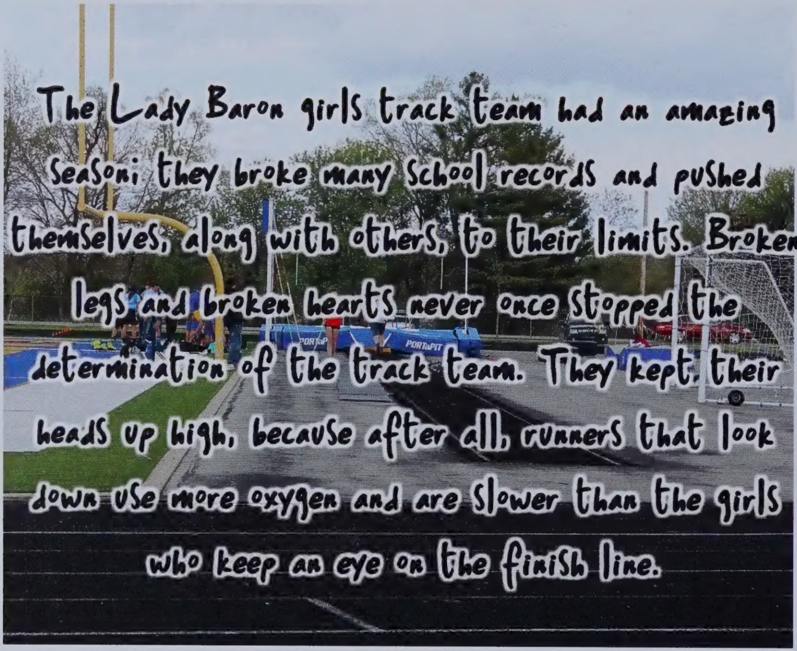
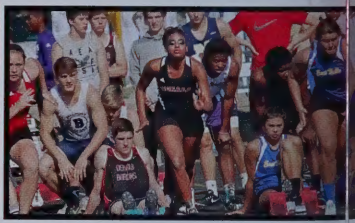
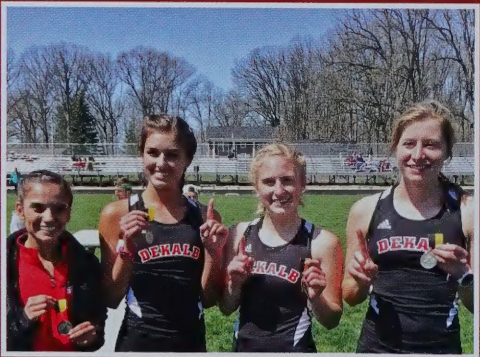
Look Like A Beauty: Train Like A Beast



The Lady Baron girls track team had an amazing season; they broke many school records and pushed themselves, along with others, to their limits. Broken legs and broken hearts never once stopped the determination of the track team. They kept their heads up high, because after all, runners that look down use more oxygen and are slower than the girls who keep an eye on the finish line.





Tyler Schwartz, Aiden Smith, Lauren Beckmann, and Krista McCormick beat the school record at the Turtle Town relays on April 23. Their official time was 9:50.30. They also went on to conference.

As of right now we are 20-3, we finished 2nd in the conference. We have had great leadership from our six seniors! The team has worked hard in the off season and has carried that work ethic all season. One of the biggest characteristics of this years team is they will not give up! We have come from behind several times late in a game, they don't stop playing until the final out. The team loves hanging out together and eating pizza, or any other food that might be offered.

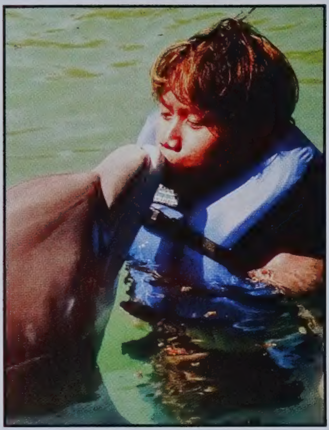
Francis Smith



Dearest Francis, From the first moment we heard your name we knew you were our son. The first moment our eyes met there was no turning back. God's love is amazing beyond words. We thank God for allowing us to be your forever family, in trusting us to be the parents of an amazing soul. You are our son, our Soaring Eagle and will always be Mama's Rock!! We love you like a ring, a perfect circle that never ends, more than all the stars in the sky, infinity and beyond! We are beyond proud of all your accomplishments! From not knowing any English to not having one solid foundation of a language. You have succeeded all expectations! Through all the sweat, blood and tears you have triumphed! We know you will continue to overcome any obstacles in your path. Through Him for Him and in Him. Your postivity, faith and trust in God will always get you through. Remember true failure is only when you don't try. To us you are Winning, succeeding at life and our prayer is that God will continue to keep you in His care as we continue to watch you grow, thrive and flourish into the incredible soul God created you to be. Eternally grateful to call you our son!

All Our Love In Christ, your Smith Family!!

Keirston Snyder

Congratulations on your graduation. We are all very proud of you and ALL your accomplishments! Good luck at I.U. this fall. I know you will succeed in all that you do, just like you succeeded in getting two deer with one shot on your first deer hunt. You always give your best in everything that you do. Keep up the great work!

Love,

The 2016 Saber Staff would like to thank everyone who contributed pictures for the yearbook as well as those businesses who sponsored us. Special thanks also goes out to Mrs. Rohm for her knowledge, patience, and support throughout the year. We would also like to give a shout out to our Josten's reps., Josh Reidy and Yvonne Lewis; thank you for your assistance this year! The 2016 Saber Staff would also like to apologize for anyone not properly indexed; a great deal of time and energy went into the making of the book;however, it is a student publication and may not be totally free from error. Our goal was to have everyone in the book 3 x, and we tried very hard to meet that goal. We hope you enjoy the book!
